

MASSERIA BORGO DEI
TRULLI

Grappa of Primitivo

GRAPES:
Primitivo

AREA OF ORIGIN:

The pomace used for distillation is the by-product of our Primitivo, grown in our vineyards in Maruggio near Taranto.

DISTILLATION METHOD:

The pomace is distilled using a discontinuous steam still, in which the head and tail components are separated to obtain the heart of the distillate.

ALCOHOL CONTENT:
42%

TASTING NOTES:

A single-varietal grappa with a crystalline colour. The Primitivo pomace develops aromas of red berries and citrus fruit. In the mouth, it is enveloping, rounded and velvety on the finish.

BOTTLE SIZE:
50 cl.
